Highly motivated Software Engineer with 2+ years of Industry Experience in React, JavaScript, and C++, passionate about developing and debugging robust, scalable and user-friendly applications and web interfaces.

EXPERIENCE

Software Engineer KPIT Technologies Limited

10/2021 - 12/2023

Pune, india

Achievements/Tasks

- Lead the development for clients (PACCAR India and Alps Electric) and created user-centric interfaces, resulting in a **20-30% increase** in engagement.
- Collaborated with cross-functional teams to integrate innovative frontend and backend features, enhancing overall application performance by **10-20%**.
- Worked in Backend Team where I analyzed and implemented **10+ new Features** in the Cluster System in **C++** that increased user engagement by **20%**.
- Assisted the Backend Team to analyze and fix **10+ Defects** in the System along with it's Unit Testing.
- Utilized **React** and JavaScript to optimize UI responsiveness, contributing to a seamless user experience for web applications.
- Conducted regular code reviews and actively participated in design reviews, providing valuable insights and improving team collaboration.

EDUCATION

CDAC PG Diploma in Mobile Computing SunBeam Institute of Information Technology, Pune

03/2021 - 09/2021

CGPA - 6.8

Courses

- Web and Hybrid Mobile App Development
- MERN Stack, DBMS, React Native, Android, Java

Bachelor Of Engineering Karmaveer Bhaurao Patil College Of Engineering, Satara

07/2014 - 05/2019

CGPA - 7.8

Courses

- Computer Science and Engineering
- Programming, Computer Networks, OS, DBMS, OOPs

SKILLS

HTML5 CSS3 JavaScript (ES6+) C/C++

Bootstrap React Node.js Express

MongoDB MySQL Data Structures

Algorithms Git Android REST APIs

MS Office Azure OOPs React Native

Redux npm System Design Material UI

Problem Solving

PERSONAL PROJECTS

AI Image Generator in MERN Stack (02/2024 - 03/2024)

- **Software used:** React, JavaScript, **OpenAI API**, Cloudinary, Express, MongoDB Atlas, Node.js, Material UI, Axios, DOM
